RDO News

July 2011

Welcome note

A year of supporting research and training activities on campus

Dear colleague,

It has now been a year since the Research Development Office was created. This has been a period of getting to know the community, defining requirements, creating tools and initiating processes. As the recent services survey demonstrated, your responses have been encouraging and we thank you for your support and patience during this time.

In line with our commitment to facilitating research and training activities on the campus, we have developed the services listed on Page 5 and will continue offering these for the forthcoming year. We value your feedback both for these existing services and suggestions for new ones.

As always, this edition of RDO News also has alerts for forthcoming deadlines for schemes of relevance to Group Leaders, students and post-doctoral researchers.

With best wishes,

Savita Ayyar and Vineetha Raghavan

Awarded grants

The following section provides brief details of our recent funding successes. We wish all the investigators well for their proposed programmes of research.

PI name	Title	Agency	Awarded amount (INR in Laks)	Awarded amount in (Foreign Currency)	Duration
Dr. Mitradas M Panicker	Dissecting mechanisms of 5-HT signailing using mouse models depleted in central serotonin	DST	5.40		24 Months
Prof. Jyotsna Dhawan	Musculoskeletal stem cells in tissue regeneration	DBT	232.50		48 Months
Dr. Aswin Sai Narain S	Ramanujan Fellowship	DST	73.00		60 Months
Dr. Apurva Sarin	Notch activated signalling cascades and the consequences for T-cell homeostasis	DBT	64.55		36 Months
Prof. VijayRaghavan	Collective migration in the fly nervous system	IFCPAR	30.10		36 months
Dr Sanjay P Sane	Sensorimotor integration of positioning behavior in flying insects	AOARD	89.40	USD 198664	36 months

IFCPAR/ CEFIPRA

The Indo-French Centre for the Promotion of Advanced Research is a bilateral programme between India and France constituted for the promotion and financing of scientific collaboration between the two countries.

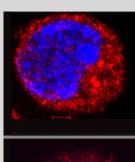

IFCPAR offers three funding streams:

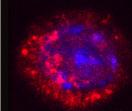

i) Collaborative Indo-French research projects on topics covering science, technology and medicine. The next deadline for submission of these proposals is 1 October 2011.

ii) Industrial Indo-French research projects involving at least one industrial partner and a research institute. Applications to this scheme are accepted all year round.

iii) Indo-French seminar series

More information on the organisation, CEFIPRA funding and application procedures can be accessed at <u>www.cefipra.org</u>

Forthcoming scheme deadlines

The following section provides brief details of funding schemes relevant to Group leaders and with deadlines for submission in the period July- October 2011. Please contact the RDO if you intend to submit a proposal to any of these schemes so that we can plan ahead and assist as required.

Grants for Junior researchers

European Molecular Biology Organization Long Term Fellowship: 15 Aug-2011

Marie Curie International Outgoing Fellowship: 11 Aug-2011 The following section lists funding schemes relevant to junior researchers with deadlines for submission in the period July-Oct 2011. Scheme details can be accessed via the relevant links on the RDO webpage.

The RDO can provide advice on funding options based on matching individual CVs against eligibility criteria for various schemes.

	Agency	Scheme	Tenable at	Deadline
		Innovation in Science Pursuit		31-Jul-2011 for Direct or
		for inspired research		nominated applications,
		(INSPIRE) Faculty		31-Oct-2011 for Institute
	DST	Fellowships	India	mode applications
		Postdoctoral fellowship under

RDO services

i) Maintenance and publication of funding databases with details of schemes for funding research, collaborative exchanges, meeting & workshops, post-doctoral fellowships and exchange fellowships. These databases can be accessed via <u>http://www.ncbs.res.in/rdo/grants</u>.

ii) Communication of forthcoming scheme deadlines and recently funded grants via the RDO Newsletter, editions of which can be accessed via <u>http://www.ncbs.res.in/rdo/newsletter</u>.

iii) Grant advice for students and post-doctoral researchers seeking extramural funding for personal support and travel (coordinating with the Academic Office)

iv) Grant advice on routine and complex applications, particularly to ensure good "fit" between proposals and schemes

v) Institutional registration with new agencies

vi) Budget support and due diligence on grant applications being prepared for submission, to ensure compliance with funding agency policies

vii) Online and paper-based submissions (excluding travel grants, meetings grants and standard post-doctoral fellowship applications)

viii) Archiving of submitted proposals (including letters of intent)

ix) Outreach to Funding Agencies

Did you know....

that certain funding agencies

- **require** electronic copies of any research papers that have been accepted for publication in a peerreviewed journal, and are supported in whole or in part by the agency, to be made freely available from PubMed Central as soon as possible, and in any event within six months of the journal publisher's official date of final publication.
- and will **provide** grantholders with additional funding to cover the open access charges levied by publishers who support the open access model.
